

DOWNNS

Chamber of Commerce

SPOTLIGHT MEMBER OF THE MONTH

Don and Linda Miller opened Miller Hardware on April 1, 2007.

Miller Hardware carries electrical, plumbing, pipe and fittings, tankless water heaters, water heaters, gas line and fittings; basic hardware and tools; housewares and small appliances; and Dickies clothing, overshoes, and Muck boots. They carry a large selection of Ertyl and John Deere toys and Melissa & Doug toys.

Miller Hardware has been an authorized Traeger dealer since 2007. They sell and service all grills and offer pellets, rubs, and accessories. Last year, 2018, they started carrying Blackstone Grills and accessories.

Recently, they bought 20-foot of new Century tools – drill bits and accessories.

Future plans are to expand into flowers and plants this coming spring. Look for their 11th year anniversary celebration coming up March 31.

Linda works as a dental receptionist in Downs, where she has been since 1990. She looks forward to soon working at the store full-time.

Don and Linda have two children. Their son Greg is a Captain in the U.S. Army and is stationed in Georgia. Their daughter Kerry Schoen is a cosmetologist in Downs and has three children that keep Don and Linda busy in their spare time.

Miller Hardware, LLC
